<https://abeltamrat.tech>

Detail-oriented IT professional with a B.Sc. in Computer Science from LMU Munich. Possesses hands-on experience with Windows Server 2022, Active Directory, DHCP, DNS, and GPO, alongside proficiency in Python, Java, and Linux. Holds a Microsoft Certified: Azure Fundamentals Certificate. Eager to leverage technical skills and IT service management knowledge to contribute to innovative projects and drive efficiency within a dynamic organization.

Experience

ACTIVE DIRECTORY

- Established a Windows Server 2022 environment, configuring a Domain Controller with Active Directory, DHCP, DNS, and Group Policy Objects (GPO), and integrated a Windows 10 virtual machine into the domain.
- Executed simulated Helpdesk scenarios, including resolving account lockouts, facilitating password resets, performing user management tasks, and deploying GPOs.
- Actively working on solving problems in a simulated Service Desk (<https://servicedesk-simulator.com>), which provides me with problems occurring in the real world

LINUX (OVERTHEWIRE: BANDIT CHALLENGE SUITE)

- Mastered advanced Linux CLI navigation, file permission management (SUID/SGID), and Bash scripting to automate administrative tasks and log parsing.

NETWORKING SYSTEMPRAKTIKUM

- Contributed to the implementation of client-server communication, specializing in the networking layer, utilizing the C programming language.

Certificates

MICROSOFT CERTIFIED: AZURE FUNDAMENTALS CERTIFICATE
COMPTIA SECURITY+
